Contents Volume 117, 2003

Publisher's note 1

Research papers

On digital soil mapping
A.B. McBratney, M.L. Mendonça Santos and B. Minasny 3

Assessing changes in physical and biological properties in a soil contaminated by oil sludges under semiarid Mediterranean conditions
F. Caravaca and A. Roldán 53

Carbon and monosaccharides of a tropical Vertisol under pasture and market-gardening: distribution in primary organomineral separates
M.C. Larré-Larrouy, A. Albrecht, E. Blanchart, T. Chevallier and C. Feller 63

Formation rates of smectites derived from two Holocene chronosequences in the Swiss Alps
M. Egli, A. Mirabella and P. Fitze 81

Pedodiversity in the United States of America
Y. Guo, P. Gong and R. Amundson 99

On the fractal scaling of soil data. Particle-size distributions
H. Millán, M. González-Posada, M. Aguilar, J. Domínguez and L. Céspedes 117

Characterization of soil organic matter in different particle-size fractions in humid subalpine soils by CP/MAS ^{13}C NMR
J.-S. Chen and C.-Y. Chiu 129

Origin and rate of pedogenic carbonate accumulation in Saskatchewan soils, Canada
A. Landi, A.R. Mermut and D.W. Anderson 143

Fractal scaling of surface roughness in artificially weathered smectite-rich soil regoliths
G. Pardini 157

Water infiltration rate in cracked paddy soil
C.-W. Liu, S.-W. Cheng, W.-S. Yu and S.-K. Chen 169

Special Issue

Volcanic Soils: Properties and Processes as a Function of Soil Genesis and Land Use

Edited by

F. Bartoli, P. Buurman, B. Delvaux and M. Madeira (Guest Editors)

Editorial 183

Research papers

Chemical trends in a perhumid soil catena on the Turrialba volcano (Costa Rica)
E.L. Meijer and P. Buurman 185

Coexistence of allophane, gibbsite, kaolinite and hydroxy-Al-interlayered 2:1 clay minerals in a perudic Andosol
S. Ndayiragije and B. Delvaux 203

Distribution of some selected major and trace elements in four Italian soils developed from the deposits of the Gauro and Vico volcanoes
A. Martínez Cortizas, E. García-Rodeja Gayoso, J.C. Nóvoa Muñoz, X. Pontevedra Pombal, P. Buurman and F. Terribile 215

Cation and anion exchange properties of Andisols from the Azores, Portugal, as determined by the compulsive exchange and the ammonium acetate methods
M. Madeira, E. Auxtero and E. Sousa 225
Chemical properties of humic substances in soils of an Italian volcanic system
P. Conte, R. Spaccini, M. Chiarella and A. Piccolo 243
Occurrence of sombric-like subsurface A horizons in some andic soils of the Nilgiri Hills (Southern India) and their palaeoecological significance
L. Caner, F. Toutain, G. Bourgeon and A.-J. Herbillon 251
Characteristics of non-allophanic Andisols with hydric properties from the Ecuadorian páramos
J. Poulenard, P. Podwojewski and A.J. Herbillon 267
Volcanic materials as mulches for water conservation
M. Tejedor, C. Jiménez and F. Díaz 283
Physical properties of "sorriba"-cultivated volcanic soils from Tenerife in relation to andic diagnostic parameters
S. Armas-Espinel, J.M. Hernández-Moreno, R. Muñoz-Carpena and C.M. Regalado 297
Time domain reflectometry models as a tool to understand the dielectric response of volcanic soils
C.M. Regalado, R. Muñoz Carpena, A.R. Socorro and J.M. Hernández Moreno 313
Soil hydraulic behaviour of a selected benchmark soil involved in the landslide of Sarno 1998
A. Basile, G. Mele and F. Terribile. 331
Characterization of heavy metals in contaminated volcanic soils of the Solofrana river valley (southern Italy)
P. Adamo, L. Denaix, F. Terribile and M. Zampella. 347
Erosion extension of indurated volcanic soils of Mexico by aerial photographs and remote sensing analysis
A. Servenay and C. Prat. 367
